

PERTH
7-10 OCTOBER 2017
Australian Society of Anaesthetists
National Scientific Congress

CALL FOR PAPERS OPEN

On behalf of the ASA 2017 Organising Committee you are invited to submit a Paper for presentation at the 2017 National Scientific Congress. For further details and submission guidelines please visit the [ASA Congress Website](#).

The 2017 ASA NSC will deliver a far-reaching scientific program for Anaesthetists and Pain Management Specialists. The four day event will include an extensive combination of refresher courses, concurrent lectures, special interest group sessions, workshops, small group discussions and research and poster sessions. This year's Congress theme will be dedicated to bridging the many different elements of Anaesthesia.

Destination Perth

Perth in springtime will offer delegates and their families an effervescent and

Social Program

Social events will include Welcome and Exhibitor Receptions and a Gala Dinner to

vivid backdrop to the 2017 Congress. Also known as the City of Lights, Perth has undergone significant transformation to date resulting in an exciting and multicultural fusion of bars and eateries, breathtaking landscapes and striking landmarks to visit.

enable delegates to mingle in a relaxed atmosphere. Families are encouraged to attend some of the outdoor activities including A Night in The Park.
